2. PROFESSIONAL SUMMARY

ETE diploma graduate and software developer building production mobile and web applications in Tanzania's fintech space. Designed and shipped a Flutter lending app at C.A.R.D. Informatics Ltd and co-founded Silverstone Agency Ltd., a mobile money float management platform (React Native, Node.js, MongoDB) that replaces informal WhatsApp-based coordination among mobile money agents. Grounded in electrical and telecommunications systems through hands-on TANESCO industrial training.

3. EDUCATIONAL BACKGROUND

YEAR	SCHOOL/INSTITUTE	AWARDS
2023-2026	DAR ES SALAAM INSTITUTE OF TECHNOLOGY (DIT)	Diploma in Electronics and Telecommunications Engineering
2017-2020	SAINT DOMINIC SAVIO SECONDARY SCHOOL	Certificate of Secondary Education (CSEE) - Ordinary Level

4. EXPERIENCE

DATE	TITLE	COMPANY
17 April 2026 - 31 July 2026	SOFTWARE DEVELOPER / JUNIOR IT INTERN	C.A.R.D. INFORMATICS LTD, DAR ES SALAAM
2026 - Current	CO-FOUNDER	SILVERSTONE AGENCY LTD.
2024 - 2025	INDUSTRIAL PRACTICAL TRAINEE (IPT)	TANESCO, DAR ES SALAAM

DUTIES - C.A.R.D. Informatics Ltd

- Developed and deployed a cross-platform Flutter mobile application from design through production.
- Built and maintained PHP web applications with Supabase as the backend (auth, storage, REST API).
- Built employed and self-employed loan forms with conditional fields, document uploads, and NIDA validation, matching the PHP web platform.
- Applied RESTful API design principles across mobile and web.
- Inspected equipment, diagnosed faults, and troubleshot electrical and telecommunications systems.
- Worked with wiring systems, control panels, and communication equipment; used multimeters and diagnostic instruments.

DUTIES - Silverstone Agency Ltd.

- Lead product direction and frontend for a platform replacing WhatsApp-based float coordination among mobile money agents.
- Built a tiered agent hierarchy (sub-agents to main agent) with KYC registration wizard, PIN auth, and float tracking.

- Implemented Swahili i18n, dark/light theming, skeleton loaders, and AML-compliant transaction caps.
- Designed the float limit algorithm, business model, and financial projections.

DUTIES - TANESCO (IPT)

- Assisted installation and maintenance of electrical and telecommunications systems across TANESCO sites.
- Read circuit diagrams, operated control systems, and applied safety compliance procedures.

5. PROJECTS
